Facility Welder-Fabricator

Full-time | Year-Round | Blackfalds, AB

Position Summary

Build your career with a maintenance team that keeps our operation running.

As a **Facility Welder-Fabricator** at Eagle Builders, you'll perform a variety of welding, fabrication and repair work that supports the maintenance and operation of equipment in our precast concrete manufacturing facility. This hands-on role requires sound trade knowledge, strong problem-solving abilities, and a commitment to quality and safety.

What You'll Do

- Complete a variety of welding, fabrication, and repair tasks to support plant operations
- Read and interpret drawings, specifications, diagrams, and schematics
- Operate welding tools and facility equipment safely and efficiently
- Perform A-frame repairs, deck chamfer repairs, hard surfacing, weld plate modifications, and general fabrication
- Maintain welding equipment and keep the shop clean, organized and ready for work
- Collaborate effectively with maintenance, production, and other team members
- Plan, organize, and prioritize work to support efficient plant operations
- Work closely with maintenance leadership to troubleshoot issues and complete repairs

What We Are Looking For

- **Reliable** – prepared, follows through on commitments, can be counted on
- **Team-oriented** – works well with others and is willing to step in wherever needed
- **Quality-focused** – pays attention to detail and understands the impact of quality workmanship
- **Self-motivated** – takes initiative, solves problems, and works effectively with minimal supervision

Requirements

- Successful interview candidates will be required to complete a pre-employment assessment
- Valid Class 5 license and reliable transportation
- **3rd/4th Year Registered Apprentice Welder or Journeyman Welder**
- Previous welding, fabrication, or related hands-on experience
- Ability to perform accurate welding and fabrication work in a fast-paced facility

- Ability to read and interpret blueprints, specifications, diagrams and schematics
- Available to work 10-12 hours/day Monday to Friday, with occasional Saturdays
- Physically able to perform demanding work for extended periods
- Comfortable working around active manufacturing equipment and production areas
- Able to work safely in a facility environment
- Strong English communication skills (verbal and written)

Assets

- Manufacturing or industrial maintenance experience
- CWB welding certification
- Experience with equipment repair or hard surfacing

What Eagle Builders Offers

- Competitive wages based on experience, with regular evaluations
- 6% vacation pay, health coverage, and wellness support
- Sundays off and a culture that values time with family
- Clothing program, meal program, fuel discounts, and employee events
- Clear training roadmaps and opportunities for growth

**Bring your work ethic, commitment to quality, and willingness to learn.
We'll provide the opportunity to build your skills and grow your trade.**
